GEARTECH

SAE 90 GL-4

GEARTECH SAE 90 is high performance, heavy duty gear lubricants formulated from high quality base oils and an advanced additive system. Have been developed to be used in gearboxes of passenger cars, on highway light and heavy duty trucks, and commercial vehicles.

Properties

- Prevents premature gear system failure due by maintaining viscosity longer
- Protect gears from deposit buildup under the stress caused by hauling extra-heavy loads with our thermally durable additive system, which resists oxidation and deposits.
- Have extreme pressure (EP) resistant to corrosion and oxidation and antifoaming properties.
