GEARTECH

80W GL-4

GEARTECH 80W is special gear oil which is formulated with superior additives and mineral base oils derived from modern refining. It's manual transmission fluid for mechanical gearboxes and axles in cars and trucks as well as construction and agricultural machinery.

Properties

- Have ideal shear-stable formulation give improved flow properties and shiftability at low temperatures.
- Provides increased protection and lubrication of the gearbox and the transaxle over a wide temperature range.
- Have extreme pressure (EP) resistant to corrosion and oxidation and antifoaming properties.
